

District 25F Vision Van Help Wanted Ad

November 30, 2003

The District 25F Vision Van has taken some pretty big steps toward becoming reality. The concept is for the Vision Van to be available for Clubs through out District 25F. In case you have forgotten, that is a pretty big area.

Fellow Lions, now is the time we need to give some thought to what this really means. Sure, our District Governor is asking Clubs to help with funding the program, but we also need Lions to help make it work. In a word, this is a bigggggg undertaking. Lions don't just write checks, but "We Serve"!

Now the "We Serve" part. We need Lions to volunteer to "Serve" as drivers, as assistant drivers. We need Clubs around the District to help find suitable parking/storage sites scattered around the District. Before long, we will also need Lions interested in being trained as vision screeners.

"We Serve" as drivers means no CDL but at least some experience in handling a large (bus-like) vehicle. Email your desire to visionvan25f@yahoo.com with the subject "Vision Van Driver"

"We Serve" as vision screeners; watch for classes to be announced in the future.

"We Serve" by suggesting possible parking/storage sites, which can accommodate a 12ft high, 9ft 4in width (mirrors) and 38ft 6in long RV type unit. The site needs to be secure, have easy road access with an all-weather surface, access to 110v outlet (for crankcase heater in winter months), it would be nice if it was covered, and last but not least cheap is good; free is much better. Email leads to visionvan25f@yahoo.com with the subject "Vision Van Parking".

Yours in Lionism;
Lion Duane Nickels, Vision Van Board Secretary
